We will SHRINK PATTERNS to make them fit your needs!

If you see this symbol (X), it means we can shrink that pattern from 99%-30% of the original size for you for the same low cost of the full size pattern! Just tell us how much smaller in percentage and we will do the rest. Please note, for reductions of 50% or greater the text on the pattern will be hard if not impossible to read. If this is the case we suggest you also purchase the original size pattern so you can read the text portion of the pattern.
